Adults

Treatment of children:

Department of treatment for children: Department of pediatric surgery

Introductory text:

Dear kids and parents!

In case of problems or difficulties with parenteral nutrition, central line or the underlying disease of your child while on vacation, please do not hesitate to contact us. We, as a multidisciplinary team of pediatric surgeons, paediatricians, nurses, nutritionists and physiotherapists, will work to solve the problem and help you continue your vacation.
