Radboud UMC
Geert Grooteplein Zuid 1
6525 GA Nijmegen, the Netherlands

Treatment of children/adults:

Children (page 2)

Adults (page 3)

Treatment of children:

Department of treatment for children: Radboudumc Amalia Children's Hospital

Introductory text:

In the Radboudumc Amalia Children's Hospital more than 20 children with bowel failure are treated. We do provide complete medical care for these patients, including the parenteral nutrition.

Lines/repair kits used:	More than one brand is used, most frequently we use Hickman catheters. Repair kits are available. The pediatric surgeons are experienced regarding this area.
Name and role of relevant team members:	Dr. Gerard Damen and Dr. Nicole Gierenz are the pediatric gastroenterologists that need to be addressed.
Department/team opening hours and contact details:	In daytime we are available from 8.15-17.00. We can be reached on +31 24 3614430 or on +31 24 3611111.
Emergency care opening hours and contact details:	In the evening, night and weekend, in case of emergency care, a pediatric gastroenterologist can be reached via +31 24 3611111.

Treatment of adults:

Department of treatment for adults: Ward C51 (Gastroenterology and Hepatology)

Introductory text:

The Intestinal Failure Unit of the Radboudumc in Nijmegen provides the care for nearly 250 adult Home Parenteral Nutrition patients with experience in the use of central venous catheters, subcutaneous ports and arteriovenous fistulae (shunts).

Lines/repair kits used:	Hickman / Port-a-cath / arteriovenous fistula
